MISSDIG811 The 2024 Spring Pre- Construction Meetings

Please join us for the MISS DIG 811 2024 Pre-Construction Meetings

MISS DIG 811 has contact with 1,613 member facility owners/operators, in addition to approximately 70,000 contractors. This gives us the ability to gather the correct parties for pre-construction meetings, and what better time to achieve this than the pre-dig season!

The pre-construction meetings will be scheduled throughout the state and are intended to assist all parties involved in upcoming projects to coordinate and collaborate. During these meetings, the group can identify potential conflicts that may arise and discuss resolutions before work begins. This saves a lot of time and money and is the best chance to manage expectations and clarify project goals.
